**The Original
Federated Blueprint For the Nation of Iraq and Surrounding Nations**

By

Uthrания Seila Sentana-Ries Cortez

**TO THE FEDERATED AND SOVEREIGN NATION OF IRAQ AND ITS SEQUENCE OF BODIES
LET US PREFORM THIS AS A BLUEPRINT FOR THE ARAB WORLD.
EACH WORLD BODY HAS ITS OWN VERSION OF WHAT WE DO AND THEREFORE CALLING
PERHAPS THE "UMMAH" IN OTHER TERMS.**

**WE WILL BEGIN BY PLACING RATHER THAN NAMES - THE TITLE "ENLIGHTENED LEADERS" IN
ORDER TO FORMAT THIS BLUEPRINT THROUGHOUT THE ARAB WORLD AND ITS CONSECUTIVE
NEIGHBOURS.**

The BLUEPRINT Iraq – Constitution

1. Introduction

Sisterhood, Brethren, AlSalaam Alyakaim. The Blueprint of the Federation of Free Planets have well prepared for this day. We have covered nearly every segment if naught all of the new Iraq, new to us being since Iraq changed from the time of the first landing in UR.

Sisterhood, Brethren, there are a few things you are to know.

Elections will dissolve Iraq. They will only further the contention between Shi'ite, Kurdish and Sunni to begin with and then of course there are the other autonomous regions.

Therein must the Federation of Unified Ummahs within the greater structure of their UMMAH be set up like a **WORLD BODY** for the Arab nations and their neighbours such as Iran, Afghanistan and Turkey, and regulated so that the True and Enlightened Leadership which many you thought you threw out of supposed power for the moment, will have the base already for them when they return. In essence the UMMAH of Iraq for instance will then join together with the UMMAHS of Saudi Arabia, Iran, Yemen, etc to form the **WORLD BODY** which may be added to by other NATIONS wanting to join the Federation of Free Planets.

This will be called the **CENTRAL UMMAH**

You see this is how it all works.

- the districts join together within their Ummahs
- the Ummahs join together within their UMMAH
- the UMMAH join together within the Federation of Free Planets

The BLUEPRINT Iraq - Blueprint

This blueprint is the New Constitution of Iraq as written for the people, consisting of the people, and carried out by the people of the Federation of Unified Nations of Free Planets.

PARADISE should not be a place of problems but rather a place which has eliminated all problems though the Oneness of the Universal Mind which distinctly comprises of the Higher Evolved Beings whether they be the Enlightened Starship Commanders, or Higher Evolved Beings from other worlds within the Universes.

- 1. ISLAM = PEACE OF THE NATIONS:** Islam means a peaceful entry into paradise. It originated from far away cultures upon other planets. It is a concept. It is a reality. It is a truth not compromised by lower evolved thinking and doing. There is no bowing, only recognition of the power of One Mind, One thought, the Oneness of life, love and beingness. Untarnished by the mind and will of the lower understanding of man.

Humankind must evolve to become the **Holy Universal Man and Woman of Creation**. This is the original and true meaning of **HUman**.

- 2. BLUEPRINT = CONSTITUTION:** Each man, woman, and child will be given a copy of the Blueprint to study and memorize of its contents following and during the teaching of the Blueprint at district schools and universities. Each individual will be responsible for knowing and living its contents.
- 3. CENTRAL UMMAH = GATHERING OF NATIONS WITHIN THE FEDERATION OF UNIFIED PLANETS.** Consisting of Two Enlightened Representatives from each NATION. Telepathy required. Must be of uniform mind working in the Oneness. Otherwise they become ineffective and fragment the group such as in a democracy.
- 4. UMMAH OF = IRAQ, SAUDI ARABIA, KUWAIT, IRAN, TURKEY, AFGHANISTAN, ETC.** Enlightened Leadership of twenty-four per NATION. Telepathy required. Age, Sex, not a requirement.
- 5. UR WILL BE THE PLACE WHICH THE TWENTY-FOUR ENLIGHTENED TELEPATHIC LEADERS OF IRAQ WILL SIT.** Iraq will be completely rebuilt, as it was in the beginning.
- 6. Security Panel** = works orderly and guides Iraqi military who comprise of every Iraqi

citizen. Enlightened panel. Telepathy not required.

7. Ummah = Baghdad, Kirkuk, Basra, etc. Each consist of Twenty-four Enlightened Leadership. Telepathy not required. Their duties consist of Grouping people who have placed of their talents in the computers of the Material Majlis to work together with others in occupations such as road building and assigning them the project of construction of roads, sidewalks and paths.

The Ummah shall access the central computer of the Material Majlis and find for example, the engineers, the surveyors, the bricklayers for sidewalks and specific roads, the pavers, etc. Following this the Ummah group them together, bringing some talent in from another district if necessary for lack of workmen or women, and give them the necessary tools held by the Ummah, and the workmen and women begin the project.

This Leadership also are responsible for giving out building codes and rotating workmanship, and designing new districts within their respective Ummah. This is an example of how the system of the Federation works.

8. Districts = reside within Ummahs, each with their own MAJLIS, Peoples, Material and Vacational.

9. Peoples Majlis will handle disputes and issues by an Enlightened Leader who is in communication telepathically with Enlightened Starship personelle and Beings from Higher Evolved Worlds. All court systems will be done away with as well as jails, lawyers and judges. These law enforcement agencies shall find that such previous institutions will no longer be necessary.

10. Material Majlis are two-fold. Each person must attend the Material Majlis with his or her talent contribution to the whole, beginning with the district they live in, serving the Ummah, and they may ‘volunteer’ to serve as a ‘teacher of a discipline’ for a period of time inside another Federated UMMAH. When this is the case the Enlightened Telepathic Leadership of their UMMAH will speak with the volunteer and arrange the temporary transfer.

People must post their talents on Majlis computer so others may ask for their assistance. Material Majlis people operate the computer entries. People may also attend the Majlis to ask for the assistance of others. If the assistance cannot be found in their district then volunteers from other districts will be brought in.

The people must be reliable with regard to alternating between work and leisure time. Enlightened Telepathic Leaders are not needed for these type of Majlis, just good, honest people.

11. Vacation Majlis are for the purpose of setting up vacations outside of the NATION of Iraq for the people of Iraq.

The BLUEPRINT Iraq – UNCONDITIONAL ACCESS

1. Unconditional Access

To all resources available everywhere within the Federated Nations or UMMAHS.

View the earth as though it were a village. Initially, the Federation of Unified UMMAHS will only be qualified to deal within themselves in reading themselves in dealing with other NATIONS.

Unconditional Access meaning right of access to basic essentials for survival. For example: transportation, public or private. Food with no waste. Houses. Land. Clothing. Schools, Universities, Hospitals, Vacations, Gyms, Fruit trees, etc.

These rights include the obligation to contribute to the overall well-being of society by:

- being willing to become educated in schools and universities conducting basic and higher learning within universal principle of moral and ethical action.
- being willing to provide labour in industry or business by utilizing talents when needed
- being reliable alternating between work and leisure time. The person will not be asked to commence with any work or duties which he or she finds distasteful. Building Paradise goes hand in hand with building happiness and pleasure while One works or while One plays or just enjoys life which is the overall goal. A happy nation is a secure nation.

Now the next point we will explain and to the contentment of every group inside of Iraq will we now proceed to address.

Each ethnic majority as well as minority will work upon this consensus.

Iraq must have an indigenous Enlightened Leadership of Twenty-Four and completely telepathic. No titles will then be used, such as President or King nor any other such title. This Leadership will reside in UR.

Each Ummah within the UMMAH of Iraq will have leadership of an Enlightened Sort. Uniform mind working in the Oneness. Otherwise they become ineffective and fragment the group such as in a democracy. There will be twenty-four persons. One man and one woman or child from each Ummah if the child is of sufficient maturity of mind. Out of each Ummah

there will be two Enlightened Ones to attend to the Enlightened Leadership of Twenty-Four in the UMMAH of Iraq in UR.

For instance, Kurkut being one Ummah, Kurdistan being another, Bagdad being another. They will sit in council in a building made for this purpose. A pretty building. Each Ummah will have a building in order to rotate the meetings.

It will result in an entirely different type of autonomy.

Each district will have their own Ummah, which means small nation within the Larger UMMAH or Larger Nation of IRAQ.

This will strengthen IRAQ, not weaken it. This will strengthen tribal regions eliminating dissension.

Each Ummah will have its own sovereign flag to represent its small nation within the UMMAH of IRAQ.

No Ummah will be the sole source of their own oil and gas wealth. This is due to the fact that Iraq will not be operating upon the sole jurisdiction of being as a separate entity of autonomy.

This, as we have said will form a different sort of autonomous region, each with their own culture base and ethnic qualities which they wish to keep to the fore, protected and beautiful. The culture to be kept protected will not include anything which lies outside universal principle of both morals and ethics. Many cultures espouse certain ethnic anti-universal behaviors which belong in the garbage bin.

Each Ummah must then have their own small military, voluntary, to add or attribute to the whole.

The methodology of the Swiss military system will be best suited. They have their weapon caches in mountainsides. Every family is armed to the teeth to rise up at any time and protect the country from invaders.

In Iraq for example all regions will be protected mountainous or otherwise using the same strategic employment.

Should any man, woman or child turn upon their neighbour with weapons, instead of taking the neighbourly matter to the enlightened People's Majlis, they will be immediately taken before the High Council of Enlightened Leaders of Twenty-Four in the UMMAH and dealt with severely.

The Enlightened Leaders from the UMMAH will contact the Federation of Unified Planets and

report the situation.

The offenders will be removed from the world of Angorius by a Federated Starship and placed upon another world more “attuned” to their nature.

The BLUEPRINT Iraq - IN THE CASE OF AN INVASION

1.In the Case of an Invasion

Should an invasion occur the Starships will be immediately called upon by the Enlightened Telepathic Leadership of the UMMAH.

The Enlightened **Telepathic Leadership of the UMMAH** will then contact the SECURITY PANEL who will also comprise one woman and one man from each Ummah who will then oversee the armed families by instructing the Ummahs in giving districts coded alarms as they hold off by fighting, the invaders, until a Federated Starship and their downtroops arrive.

Likewise will all invaders be removed to a far away planet or designated place. Depending upon the nature of their crime their placement will be determined by the Federation of Unified Planets.

Each Ummah will protect the UMMAH giving the UMMAH'S Enlightened Leadership's relaxing quality to work ALONGSIDE AND NAUGHT OVER the participating and protecting smaller Ummah's within IRAQ. **All Enlightened Leadership's within the UMMAH, Ummahs and districts, MUST work in the Oneness with the people.**

Each Ummah will protect the Twenty-Four Enlightened Telepathic Leaders in UR by keeping their eyes and ears open and working in a thorough and concerted effort, all weapons ready at all times, should the need arise.

Each home will have gunsafes. The key to this room will be held by the heads or head if there is only one parent, or eldest sibling no younger than sixteen years of age, of the family. In the event of an invasion the Ummah they live in will sound an alarm and the districts will immediately arm and wait for further coded instructions from the Security Panel who will continue to inform the Ummahs.

This type of autonomy as we speak on will give to each distinct Ummah of Iraq more power within each Ummah.

In fact, more power than if they were smaller nations all on their own separated from the UMMAH of IRAQ.

Remember, this will strengthen IRAQ, not weaken it. This will strengthen tribal regions eliminating dissension.

You will see what we mean shortly.

The responsibility will be greater.

Every Ummah will be set up in the same and exact format as the UMMAH and the CENTRAL UMMAH.

And all business will be conducted by talents, needs, and access to trade deals with other nations.

This will be based solely upon the Original Intersteller Islamic Economic People Friendly system of concern and no flagrant nor monstrous abuse of each Ummah will then be possible.

Abuse of any system is only possible, Sisterhood, Brethren, when you have dissenting electorate bodies who will break every law and principle in the book and steal money from the Peoples of the Land, in order to put out the best front and podium for their own self-made credibility.

Without elections there can be no such abuse of the system and only Enlightened Ones will get into the Enlightened Positions - those Sisterhood, Brethren, who are able to CONVERSE FIRST WITH THE STARSHIP COMMANDERS! FOR THOSE WHO CANNOT EVEN DO THAT MUST REALIZE THAT THEY ARE NOT AT THE LEADERSHIP LEVEL FOR GUIDING A NATION, NOR THEIR PEOPLES.

In the "absence of" the People hating present Capitalist economic system there will be no corruption from that front either.*

The Federation works upon a basis of gaining for the People, that which the People need. Certain items needed by the People of Iraq will be Purchase Ordered using the natural resources of the Ummah's for trade. In some instances, the Ummah's work together to provide, architects, engineers, for trade to another UMMAH who need their temporary assistance in return for something the Iraqi Ummah's need.

Now let us please explain.

Health Care is number One in Iraq.

Food consumption is number One in Iraq.

Demining is number One in Iraq.

Shelter and Clothing is number One in Iraq.

All these issues will be dealt with at the very same time. Later on you will see what we mean.

So right now we deal with the staples which all Iraqi will need in the future and for an example we take **Health Care**.

The BLUEPRINT Iraq – HEALTH CARE

1. Health Care

The oil and gas will be traded for instance to a nation such as Japan or China or Indonesia for their holistic doctors to come to Iraq and train our doctors and nurses in the safe use of all formats of ancient and present herbal and acupuncture techniques [for severe pain instead of pain killers which ruin the stomach lining]. Many of the herbs will Iraq trade oil and gas on a continuous basis to these nations. This will be done through the stores. No money will pass hands therein no money will be taken from the Peoples of Iraq keeping then the Original individual Ummah's clean and no temptation unto the process of corruption.

Thus, when the stores of each district have their reviewers taking counts as to exactly how much holistic medicine is needed, from each and every household, hospital, clinic, etc, then that figure will be processed into the next Purchase Order form and delivered directly to the respective UMMAHS or districts. Should direct Purchases naught be applicable then the stores in the districts will give the Purchase Order to their respective Ummah who will then give the Purchase Order to the Enlightened Telepathic Leadership of Twenty-Four.

This Leadership may then contact the Enlightened Leadership of that UMMAH and speak to them concerning Trade and Purchase Orders. A representative may be sent to explain, and then the trade will be organized immediately with no waste of time and every Iraqi Citizen will have in that area what he or she needs without taking more than they need.

The people will go into a store for their prescriptions taking with them a Purchase Order form from the doctor. Also, mild medicines will be available for each household depending upon the size of the household without a prescription.

Example:

If for instance, China, or Japan or Indonesia need instruction in Architecture by Great Iraqi Engineers in such profession, then Iraq may trade Engineers for Holistic Doctors for whatever time is needed or allotted to each side. But the oil and gas will still be needed for

trade for the holistic medicines and other items of great worth even though the store orders.

In this way Iraq will turn on the taps to that country as well and receive as much medicine as Iraq needs whenever Iraq needs it.

In this way of course the natural resources of each country in the world connected with dealing within the Federation of Unified Nations will be able to balance out their resources in every which way and direction.

No breaking of anymore Universal Principles or Laws if you would like to call them that and then you will see just how quickly all crime and criminal intent pass away for good.

The BLUEPRINT Iraq – HOUSING

1. Housing

Every family is entitled to a plot of land to grow vegetables, trees and flowers and to build a house suitable for the size of their family. There will be no mansions nor castles. Each family will attend a school to learn requirements for house size and building code expectations. These schools will be within each district. If a family is ‘expecting’ or chooses to house their elderly then the permit they are given will reflect the suitable size of the home. Each family, however, will be permitted to choose the materials for their homes, such as marble floors, or hardwood floors. In return their own talents will be required by others.

Each home will be equipped with windpower windmills in their rooftops as well as solar power either in the roof, or walls or both. All wind and solar power goes into the grid. The grid consists of all transmission lines supplying the people’s electrical needs nationwide.

Farms will be also equipped with both and must provide heated accommodations for their animals during the cold season.

Each home will have gunsafes. The key to this room will be held by the heads or head if there is only one parent, or eldest sibling no younger than sixteen years of age, of the family. In the event of an invasion the Ummah they live in will sound an alarm and the districts will immediately arm and wait for further coded instructions from the Security Panel who will continue to inform the Ummahs.

2. Schools and Universities

Iraq’s mansions or palaces will serve as universities, hospitals, orphanages, emotional

institutions after the war. The open schools will train the people freely in Federated Academics. All universities, hospitals, schools, etc. will be free for the people to attend. Each district will house learning schools to teach this blueprint to the people. A free copy will be given to each member of each and every household. Each person who can read will be responsible for learning its contents and naught breaking Federated Principles. Those who are of an age to read but cannot read, but are of sound mind, will learn through memorization of the principles. They may avail themselves of the linguistic schools of learning.

Individual students will naught need to compete with other students for grades and may work at their own pace within reason, but remember, if a student would wish to become a leader in some capacity, such as a Starship Commander as an example, or an airline pilot, then the student who takes one year to complete the course will be chosen over a student who takes six to ten years to complete the same course. Quickness of mind in a decision must take prescience over a mind which is naught that quick. Many lives may depend upon it.

3. Exercise Gyms

These will be placed within each district, however, because of much activity in building together the Paradise within Iraq or any other nation, these gyms are likely naught to be used to any great degree.

4. Vacations outside of Iraq

Each district will sport a Vacation Majlis to serve the people.

There is a difference between leisure time and a vacation. Leisure time is the time you spend around your own home or little paradise whilst vacations are arranged for your pleasure outside of the country in which one resides. All is free. Travel, accommodations, sightseeing, etc. **However, there will be no interference in the designated country's system nor culture.** Learn from one another in agreement and share the good aspects one to another and learn from them also.

After so many hours of work, arrangements will be made for vacation. For instance if work is in a factory, so many hours must be accumulated, or if you are an engineer so many hours at a project must be accumulated. You must naught stop in the middle of a project unless consensus is made between yourself and another to take your place.

For those who work from their homes and have only themselves to talent out to another, a certain number of accumulated hours must be drawn up. All these hours will then at the finish of a labour or job, be given to the Material Majlis who will then enter the hours in the central

computer and those hours will then be accessed through computer from the Vacation Majlis when a request is made for vacation time.

5. Vehicles to own

Vehicles are also free. But the type of vehicle must be earned. For example: If a person wants a Mercedes, for instance, then the Automotive Dealer will contact the Material Majlis central computer to find out if that person has earned enough hours utilizing his or her talents and to what extent, in order to be credited such a prestigious vehicle. If naught, then the person will be credited with a vehicle of his or her current status. But a vehicle will be given.

The BLUEPRINT – Iraq HOW DO WE FEED THE PEOPLE?

1. How do we feed the people?

2. How much to order so as to eliminate waste, especially in perishable goods?

Initially people will make requests to store outlets for food and material supplies in order for stores to calculate the amount of products necessary to please the wants of the people. In this way much waste will be eliminated. Remember, initially, naught all wants can be appeased until enough nations enjoy the position of being as of One Mind in the CENTRAL UMMAH.

The stores will calculate which percentage of foods are wanted, what percentage are grains, which grains are wanted, then the percentage of fruits and which kind, and vegetables, canned goods, etc. from each district.

Once this new Purchase Order is made ready by each of the stores and given to the Enlightened Ummah, the Ummah will pass on the Purchase Order to the Enlightened UMMAH where natural resources of the country are traded for those items which the country cannot provide for itself. For instance, whichever country Iraq deals with in the form of material and food products or labour in the format of say Architect teachers, that country will instantly be on the Purchase Order and Trade with Iraq for gas, oil, labour such as teaching of a discipline, or any other natural resources Iraq has.

When the Purchase Order shipments have arrived they will be taken directly to warehouses within each Ummah and then shipped to stores within each district.

The people will then go to the stores and be given Purchase Order forms at the door with a certain amount of allotted food per number of people per family. For instance so many cans of

fruit for winter months, and so many bags of rice, so many lbs of butter, etc. so everyone is well fed but not overfed. This will eliminate obesity. This will also ensure that children do not go into stores for snacks and ruin their diet nor become too overfed to eat a healthy meal at home. However, there are fruit trees aplenty alongside paths of which people can partake of at any time.

There is no food which cannot be acquired but all will be distributed in a non-waste orderly manner. Initially naught all foods can be purchased due to the size of the CENTRAL UMMAH which means the number of NATIONS within the FEDERATION OF UNIFIED UMMAH and what they are able to provide.

The BLUEPRINT Iraq - WHO ARE QUALIFIED TO LEAD?

1. Who are Qualified to Lead?

Each Ummah must have the Enlightened Leadership consisting of Twenty-Four people, though they may be non-telepathic, just good, honest and understanding people. These Enlightened Ones may go from region to region to ensure they have Worlds and other Enlightened Evolved Beings.

These Enlightened Ones will comprise the Twenty-Four Telepathic Leadership of the UMMAH held in UR. They may be men, women and children of any age or sex.

The People's Majlis must have an Enlightened man, woman or child who is not only wise but can telepathically communicate with the Enlightened Starship Commanders for advice.

When the Enlightened Council of each Ummah is set up, then of course, the concerns of the People will go to district People's Majlis to handle everyday situations, and to Material Majlis to accumulate their talents. From this latter Majlis the talents will be entered into a central computer which will be able to be accessed by each district Majlis, by the Vacation Majlis, by the Enlightened Leadership of the Ummah, and by the Enlightened Telepathic Leadership of the UMMAH.

The Enlightened UMMAH Leadership may then contact the Material Majlis for volunteers for other needs which other UMMAHS may have. The Enlightened Telepathic Leadership of **Greater Iraq =UMMAH** will then IMMEDIATELY contact the Enlightened Telepathic Leaderships of other NATIONS via computer and the Purchase Orders are again put through.

There is no time wasted and all begins immediately. The only time it will take between Order and Receiving on both sides will be the time it takes to gather the willing

Personelle [for no one must be ordered] and the necessary resources on Purchase Order from Iraq as required, and then the duty-free, tariff-free, money-free, reba-free time it takes for exportation into Iraq.

Iraq will also exchange their resources in other mineral wealth. And stores throughout Iraq will deal internally first with itself before externally for supplies, those which Iraq does not supply.

Iraq of course will supply all fuel to bring the Doctors and Nurses, to Iraq, for instance, as well as to transport the required items back, items which can be anything which the People of Iraq of each individual Ummah and of the Enlightened UMMAH Leadership wish for their own personal use, or for enhancing their talents of the positive realm to employ on the behalf of themselves in rebuilding their own Paradise and on behalf of their own contribution to others.

So in dealing this way IRAQ of the (NEW WORLD MIDDLE EASTERN BODY) CENTRAL UMMAH, as well as all the smaller Ummahs with their own special culture and Flags, will benefit and reap the well-deserved fruits of their labour, with no man and no woman controlling the All in the realm of the Oil and Gas industry.

A few controlling all is precisely where the People and the Leaderships lose their own power over their own lives and Beingness and the People lose out completely.

The Enlightened Leadership of the GREATER UMMAH Iraq, for instance are responsible for reporting back to the Federation of Unified Planets so there can be no behind the scenes wrong doing at all. Please remember that these Telepathic Enlightened Leaders whether be man, woman, or child, are all extremely highly evolved individuals of the positive sense.

The BLUEPRINT Iraq - BUILDING THE CENTRAL UMMAH

1. Building the Central UMMAH

And when then we have many Nations or UMMAHS participating, this is the time we build the CENTRAL UMMAH where then a man and a woman, child, children, or several men and women in balance of Enlightenment and numbers will join with, say for instance, Saudi Arabia, or Egypt or Syria or Yemen, or Afghanistan or all of such UMMAH and become again a new CENTRAL UMMAH and in this way the trade barriers come down to an even fuller extent and that is what we mean by the borders come down, yet the borders of each UMMAH are protected by the Interior smaller Ummahs of each UMMAH or NATION and each UMMAH within the CENTRAL UMMAH are protected by one another.

At this point the present hateful, greedy, and blackmailing, murdering, thieving Capitalist entity have completely lost their entire powerbase and the People will be happy all over again - at least those who have naught had their entire families and lives completely ruined by the ugly face of Capitalism who destroy the setting up of these Paradisical accomplishments in order to keep their established money/powerbase against the people of the nations. They love to place their own brand of people in to lead and protect their system base against the people. You need to recognize their evil to find the good in the Paradisical system of economics. It is like black and white.

The Blueprint is so special and easy to understand and implement that IRAQ can be put back on its feet in a matter of months.

Naught just a little bit of progress here and there for the Peoples to pay tribute to an all increasing diabolical greed-filled and murderous thieving Capitalist Leadership, but rather a progress which is immediate and self-serving for the Whole in every way possible with no delay, fulfilling the every want and wishes and dreams spiritually and material wise of the People of each special Ummah of Iraq without spending one dinar to do it.

Therein does all corruption end.

There will be no lawyers, no courts and no Court judges. Only Enlightened Majlis.

All Mosques, Churches, Temples, etc. will be schools of learning of universal truth. The Vatican houses at this time in secret chambers, thirty miles of shelving of historical and current truth which they keep as far away from the people as possible in order to keep the people under lock and key for their soul recovery and evolution.

THE SAFEGUARD AGAINST ALL CRIME

1. The Safeguard Against All Crime

For those who say to us: "then how do we keep the People, Groups and others honest in order that they do naught cheat one another or that Leaderships do naught cheat one another, or nations do naught cheat one another?"

We say to ye ones, that the Federation of Unified Nations have a safeguard built in.

What happens here is that the moment one cheats another by, for example, naught delivering

their part of the Purchase Order or bargain, such as delivering items, after they have received what they had Purchased; or people who exchange talents do naught deliver their part of the bargain on Purchase Order from their district or another district, the moment that Word gets out, these ones will be automatically boycotted by People on all levels:

From the grassroots up: their neighbours; stores; material Majlis; Ummahs' right up to the Greater Enlightened Leaderships who handle the exchange of oil, gas and other resources with Federated UMMAHS.

This also applies to blackmail or framing another for any reason. This will be dealt with immediately by the People's Majlis. These will be considered 'dangerous acts' against your neighbours, whether be family member or not.

The time of boycott will be determined by the severity of the act of cheating, blackmail or the framing of another. The Enlightened Leader of the People's Majlis will determine its effect upon the person or people in deciding the length of its duration.

The spider who weaves a web to trap another will inevitably be ensnared in a web of its own.

Should a dispute be serious enough, such as murder or rape, the People's Majlis will immediately take this problem to the Enlightened Leadership of the Ummah who in turn will take the issue to the Enlightened Leadership of their UMMAH who in turn will contact the Federated Starships of Free Planets. The Federated Starships of Free Planets will then remove the criminal immediately.

If a man, woman or child accuses another falsely, then that 'punishment' will fall upon the shoulders of the accused.

We employ different types of Majlis in the Federation of Unified Nations.

So, you see it does naught pay to be a cheat. This economic system keeps the People from engaging in criminal activities of any kind and if we find any Persons engaging in serious criminal activities against their Sisters and Brethren, their Ummah, or their UMMAH or CENTRAL Enlightened UMMAH, then these despots will be immediately removed out of the Federation of Unified Nations and will be taken to another less evolved world by a Federated Starship.

Depending of the severity of the crime the nature of the world they are taken to will see them residing alongside and governed by those much like themselves.

While there is much more to explain, and much in the region of intertrade of all agricultural and non-agricultural regions, which has been shown and explained in detail to ye all before uncomely ones came to take of our computers and files away with all those sincere and

beautiful expressions of explanations in these areas, we will leave you with this, Sisters, Brethren, for now.

Please remember, each UMMAH will have Enlightened People at the top and some have already been well presented to you in AFGHANISTAN as well as SAUDI ARABIA.

These are the examples and these are the enjoining of the UMMAH'S, into a CENTRAL UMMAH throughout the Middle Eastern regions, the African regions, the regions of South America, Asea, the Satellite States, and worldwide, those who wish to also join for a future with a better life.

This is how Iraq and Saudi Arabia will join at the hip. This is how Egypt and Syria will also join at the hip. This is how Iraq, Saudi Arabia and Afghanistan will also join at the hip.

Do you begin then to understand exactly how the Federation of All Freed and Unindulated Reformed Planet World Structures Work then Beloveds One and All?

The UMMAH IRAQ will have special Pyramids beautifully built for the People and engraved on the outside of these Pyramids will be the entire actual and true History brought back from the time of the first landing of UR up unto this day and the next, and all cultures, languages and histories will be represented in the finest gold carvings, with silver in the representation of the Starships, the Moon, and other astronomy as known, seen and cultivated alongside the brilliant sun which lights up the firmament beside the brilliant moon and all will be once again pleasing unto the Gods and Goddesses who watch over thee and reign so high up in the firmament of all Humankinds fondest mysteries.

Remember Sisters, Brethren, there are only mysteries if People are uneducated in the realms of the unknown.

We surely do hope by now that you do begin to understand and know that ye are naught alone in this great Universe for what arrogance could then be said of this present Humanity if they were to think at this lowly warloving existence that they were indeed the highest evolved creatures in the Universe. What nonsense is that. We hope we have now been of Greater Assistance to ye all this new day. - I am Uthrania Seila Sentana-Ries of the Federation of Unified Nations

The BLUEPRINT Iraq – How Present Day Economics Work Vs. The Economics Of Paradise

First you must understand that through reincarnation, whatever you build in this life will be your token or contribution toward yourselves as well as others in the next. Hence, you are now living in the Time of the Great Equinox whereby you either make it to the first rung of living upon a Paradisiacal world having made it over the Equinox, or having to repeat many lifestreams over again upon various planetary worlds. Once you do make it over the final

Equinox, you then will never need to work in the negative upon worlds such as this. Like a plant you grow and continue to flourish without snow and ice making you repeat and rebuild consistently. It is an exciting time for you to live upon worlds in which truth is the normal attribute of life no matter in which discipline you may study or major in.

Travel to other planets is as normal a feat as travel to other countries is upon this world.

The economic system is entirely different and this world has no known substitute for it and that is why this world is out of sync with all universal principles of higher evolved practices.

Evolvement does in no wise mean that the Darwin theory has become the substitute of truth, but rather the evolvement we speak of has its principles in human birth, HU standing for Holy Universal, which simply means that when the Creation of the Humanities first began, the human "evolved" in higher understanding and principle of truth, but the coordination of the body still remains as human.

Once you make it over the Equinox, your humanity takes on a brand new type of evolution and that evolution has entirely to do with intellect and perfecting one's DNA. One has never begun as a tadpole for example, evolving into an ape, though we do agree that in the political realm that most do seem to act out their own beliefs in this arena.

My children, we have worked long and hard over many lifestreams, and few come to a world such as this in order to teach of the errors of religion and economics - but this is the time of the Equinox. Our teachings are a danger to the power structure of this day and the powers that be have tried to eliminate in one way or another, each one throughout the generations and those generations are ones which have come back to be taught of the true system in all of its principles and directives in DETAIL and that which we have given so far has resulted in ones trying to imposture us as well as to steal our words. That is a grave error and dangerous thing to do.

While this system of economics promises to steal the resources from the people and build them a hospital or two and a few complex of housing within, say a five or six year period, the Paradisical economic society builds all at one time- no budget, but before we go into this, here is the example, just so you understand how it all works under the system of which you now reside.

This is our great love to each of you, our children, because without knowledge, one is likely to repeat the same mistakes over and over again - and this "is" the time of the Great Equinox.

1. Paradise vs Capitalist System of Economics

Sisters, Brethren, in the building of Paradise you must realize it is naught just a child's dream. Paradise exists upon all other highly evolved worlds. It is the standard for all nations except this world.

Let us gently recap on the portion we have just given and then a little further explanation before we compare it with the system you are all in bondage under together today.

Iraq will come to be known as the nation whose People the world learned to recognize and respect for themselves and naught because they were sitting on oil and gas.

For that oil and gas will become worthless and already has in terms of financial monetary gain for the capitalist murderers of this world!

Only under the Original Intersteller Islamic Economic People Paradisical Loving System will Iraq be governed and only through that fine system of trade will the oil and gas be utilized on behalf of the People, by the People and naught by the tyrannical Israel nor the tyrannical western leaderships who don't seem to know that they are naught in charge of Iraq!

The True Iraqi are!

And we are either going to build Paradise or build nothing at all!

*We are going to cleanse the land of the occupation and the chemical fallout and then we are going to usher in depolluted dirt and we are going to line the streets of every city, town and village, with date palms, citrus fruit trees, example: peaches, apples, oranges of every kind, apricots, and so forth. There will be beautifully little decorative garbage containers, colourful but elegant in design, placed by the various trees and naught too far apart because we do naught want the pits of the fruit to be strewn all over the gently sloping sidewalks in places, sidewalks which are naught of cement, colourless and dull and ugly. This is only a very minute example of that which exists upon other worlds.

We will continue.

Baskets of beautiful flowers and everywhere every single Iraqi walks along the streets they may eat freely of the fruit of the trees everywhere they go!

There will be no more hungry mouths on their way to shopping malls, outdoors, souks, where free bolts of cloth will be theirs to make clothes, or to trade their positive talents to those who make clothes.

And unlike Oman who make their People take jobs they hate, Iraqi will only utilize their talents they have accumulated lifestream after lifestream until all jobs are fulfilled, for there is scarcely

a job upon the face of this entire earth, which is naught in some way loved by someone to fulfill so why insist that others who hate particular jobs, fulfill those categories!

Other Worlds do naught work as this world does. Thank the Gods and Goddesses for that.

All health care will be free. Some health care will be Purchase Ordered by trade of oil and gas for the Iraqi!

All schools will be free!

All text books when they are written out of the present-day capitalist hegemonic control, will be free!

There is nothing that the Iraqi themselves will need to pay for by money, credit card, nor chip in their Person, for all will work by standard of that same economic pattern found upon other nations of other Higher Enlightened and Evolved Worlds within the Universes.

The difference between the Original Intersteller Islamic Economic System of absolutely no usury of any format and that of the present capitalist hegemonic economic system is this:

In the Original Intersteller Islamic Economic System we build everything that we need SYSTEMATICALLY.

In other Words, Sisters, Brethren, we build everything at one time. We do naught need to wait for expenditure to build say a hospital and then a school and perhaps a few homes per year.

Whatever we need, we build all at once.

A system such, however, as you are under now, can only grant you, the People, to build say, a new hospital this year, and some housing complexes, and perhaps a restaurant or two. This is for an example.

Now with the Original Intersteller Economic System there is absolutely no budget at all to hold up the progress.

However, under the present capitalist system of economics, the People pay four times for one community building.

With the Original Intersteller Economic System, the People trade their national resources and natural talents if necessary or required, in a community effort to produce for instance a hospital building of the finest grade in architecture of the culture of Islam, or one of the other designs of Iraqi history to the positive and beauteous enhancement of the cities, towns and the villages.

No more than three stories high, but better and more practical and pleasing, each building is to

be built two stories high.

Earthquake and floodproof.

In a design to liberate the heart and mind.

Soft gentle curves and no grey and ugly concrete, cheap plaster, nor chipboard.

All the artists in Iraq will be called upon to design and create with whatever materials they need, the beauty of artistic complementary design of their own choosing on the walls of the hospital and every building of the cities. The towns and the villages will be done in the same format. Bright airy rooms and so forth.

I am Uthrania Seila Sentana-Ries and this is our portion of this day to the each of you.

The BLUEPRINT Iraq - AN EXCERPT FROM THE BLUEPRINT OF PARADISICAL ECONOMICS AND SOCIETAL STRUCTURE

1. An Excerpt From the Blueprint of Paradisical Economics and Societal Structure

Under the present system, this people suffering, people hating, monetary system, the hospital would look like this and be paid for under currency, low wages, and reba four times by the people.

Here is how it works.

The contractors borrow money from the banker or several bankers amalgamating their debt load into one massive tribulation.

Then the contractors hire people to build the hospital.

The hospital will be built solidly but yet in an inexpensive way as possible in order for the Contracting company or companies to make as much off their profession as possible.

Next come the workers who are paid as low a salary as the Contractor can possibly get away with.

That is the first instalment.

The borrowing aspect from the Continental Banks.

Offshore Providential.

Then when the hospital, dully as it looks, is fully completed, the banker wants paid back.

This is the second instalment.

So, both the Contractor and the workers have to take on another job just to pay back to the banker the first job.

When the first job of building the hospital is paid back in all expenses of the borrowing costs, then the city tells the people that they must now pay fees in order to use the communal building, in this case hospital fees or if it is a library, then library fees, or if it is a museum, then fees to go in and look at the museum.

This is but an example.

This is the third instalment.

Then the people are told after they built the hospital, paid the banker back and paid the fees to attend the facility, that they must now pay land taxes, upkeep taxes of the building and while the people are paying all these extra usuries out of their meagre wages, they are having to pay back the money to the banker for the first costs of yet another loan for yet another building.

This is the fourth instalment.

In addition to this, of course, the people are told that it will be several years until just so many budgeted contracts are able to be manifested for the people to attend.

This is the fifth coming into play.

Borrowed monies for the hospital over a twenty-five-year term, cost the taxpayer ten times its original value by the time it is paid for.

This is the present system you operate under fully today.

What we offer is naught made in hell.

But in Heaven or rather to be more precise, upon other worlds, other planets, who have learned that the money system corrupts the best of men and women at times and therein should never be used as a trading currency, for with the currency comes the infraction of breaking all Universal Laws and then comes the usury.

It does naught take three years to restore all power and electricity to Iraq. That is ridiculous! Only under the present hegemonic economic budgeted system would that be a

priority to wait that long for full power nationwide. - I am Uthrania Seila Sentana-Ries and this is our portion of this day to the each of you.

The BLUEPRINT – Iraq - FREE TRADE AND HOW IT REALLY WORKS

1. Free Trade and How it Really Works

Please Sisters, Brethren, do naught become like the West who only use their animals for commodities. We pick on the West because they are the only ones going around the world today telling everyone how sensitized and liberated and cultured they are which could naught be further from the truth as they are invaders and occupiers into Iraq, Palestine and Afghanistan and they even from Canada, praise themselves for it. This we will never be able to understand

Sanaa, Dec 31, SPA -- Yemeni Prime Minister Abdul-Qadir Bajamal has received a \$ 1 million cheque from the Kingdom of Saudi Arabia.

The cheque constitutes the third installment of the \$3 million financial support being extended by the Kingdom to Yemen's de-mining program.

The cheque was handed over to Bajamal by Saudi ambassador to Yemen Mohammed bin Mirdas Al-Qahatani during a meeting here on Wednesday.

Speaking on the occasion, Bajamal highlighted the existing fraternal relations between the Kingdom and Yemen, and said the Kingdom is one of the major financer of numerous development programs in Yemen.

He noted that a ceremony will be organized in Aden on Saturday to mark the removal of the last mine in the Aden Governorate.

'The mine fields will be turned into green areas and productive agricultural projects', he said.

--SPA

Note: Asalaam. This, Sisters, Brethren, is definitely good news all round! We are so very pleased to hear of such worthy progress! It would be worth your while, Sisters, Brethren, that if you have naught used the blueprint issued for the benefit of every Citizen of every Ummah within every UMMAH, that you do so as a final and lasting accomplishment toward the safety standard of the Yemen Aden.

The BLUEPRINT Iraq - WHERE MONEY REALLY BECOMES A LIABILITY!

1. Where Money Really Becomes a Liability

WHERE A NATION IS PLACED UNDER A BUDGET, THAT NATION HANGS ONTO A LIABILITY KNOWN AS "MONEY" WHICH HOLDS BACK PROGRESS UNTIL THE NEXT INSTALLMENT

Sisters, Brethren, it is naught necessary to use the Capitalist monetary system to accomplish such worthy goals. Find your best resources Yemen, such as offering back to Saudi Arabia land for a conservatory for the Zoo Animals, and Iraqi animals need placement as well and fed.

For instance, Southern Yemen has 27% meadows and 7% forest. You have only 1% land arable-fit for agricultural cultivation. Northern Yemen on the other hand is fixed with 14% arable-fit for agricultural cultivation, 36% meadows with 8% forestland. So if we put it all together we have a ratio of something more to work with here than families any longer feeling they need to sell their daughters into rich Saudi Households for wives or servants. That is a day of the past and we would now like to see Yemen grow way beyond its own cash flow, because inside the Federation of Unified Nations operating on the Original Intersteller Islamic People and Government Friendly System of Economics, and naught breaking any Universal Principle by going contrary to the Universally acclaimed economics as practiced on the Paradisical worlds, there can be no budget, no lack of resources, no crimes which are mainly attributed to the use of the Zionist monetary system, and no more poor and hopeless feeling Yemeni.

Now let us add up all of Yemenis' finest resources. We have 63% meadows, 15% forestland, and 15% arable land-fit for agriculture and now with removal of the land mines in the Aden Governorate the active land mass is gradually rising. Now we have a land mass of 93% usable land throughout Southern as well as Northern Yemen. In addition to that Yemen has coastal regional waters.

Because Oman borders Yemen on one side, and because they are naught self-sufficient in their own food production it would naught be wise to cultivate a relationship based upon offering any of their Zoo animals or animals needing a special home where they could naught find otherwise, through the backtrading of food items.

Instead, Yemenis can offer the Omanis a home for their Zoo animals and in exchange ask for a certain allotted amount of marble. You can make your own cement for foundations, and begin to build your own Paradise for those who wish their houses with marble structure or some on the flooring. This of course is just an example. And you would need to build your homes in the culture of your People, with a solid foundation in order that all Yemenis will be safe from major earthquakes in Aden and in other regions. Never think you are naught prone to earthquakes in your regions simply because you have had none before. With all the active bombing and shelling going on by the Americans and British against Iraq and Afghanistan, the bombings are setting off shock waves throughout the major tectonic plates and that is also the reason why

Turkey itself has had so many earthquakes in their own region. When the giant earthquake in the western region of Turkey with the hidden three hundred top Israeli, British and U.S. Commanders on their own self-made base there was hit, and destroyed every Commander and everything on the base, such news, if you remember, was kept to themselves and away from the west for months, and nobody understood exactly how such news could have been kept away from the Public and so secret. That is what the Zionist entity does - manipulates the Public ears. It was entirely due to all the bombing raids they had placed over Iraq and that is why we so often state that "by their own hands=the Zionists will they destroy themselves."

Whatever Yemen needs in prospects of irrigation for instance Yemen is able to ask for assistance in acquiring irrigation pipes with saltine inhibitors attached in return for fish and an offer to yet another Ummah within a UMMAH=Nation to offer sanctuary of a Paradisical nature for exotic Zoo animal creatures and the tired and abused and sad ones. So this is how it works and it has worked this way for eons upon other worlds even less fortunate than this one.

Why do we bring up an issue such as Yemenis building some of their structures of Marble? Just to let Yemenis know that no matter what the People of Yemen decide they want to build their own Personal as well as collective Paradise out of as far as material is concerned, nothing under the Original Islamic Intersteller People and Government Friendly System of Economics, if you all work together and follow the Blueprint we had given to each one of you earlier, in the example of agriculture dealing between nations and Peoples and Governments of Nations, before we progressed on in explaining how the Ummah's work within each UMMAH and those UMMAHS or NATIONS work within even a larger CENTRAL UMMAH, and so on, then you will accomplish a feat so great that Yemen will be turned into a Paradise and even the land will be turned into the greenest meadow lands for the Greatest and Most Beautiful World Conservatory for Middle Eastern Zoo Creatures, that the entire non-Zionist World will flock to Yemen just to see them all and be taught at the same time how to care for their own animals at home.

Animals likened unto People do naught want to be the subject of examination when they need to urinate or release dung. Watch intently someday soon, a smaller animal such as a dog or cat, and you will notice that these are sentient beings who have particular feelings just the same as you and I do about many of these things if naught all.

Yemen may become the world conservatory zoo. Yemen may become also the world's largest animal hospital. Remember this conservatory is for the abandoned, abused and neglected animals, fowl and endangered amphibians and endangered species of fish, as well as some exotic creatures.

Yemen's mountainous regions, the flatlands, sea and lake areas provide home to all types of these sort of animals, fish and fowl and allow for hiking and boating for people who live within the Federation of Free Planets.

People will come worldwide to study and be taught about all creatures.

A school will be erected to take students who wish to become animal doctors and conservationists.

Tourism will put Yemen on its feet as well as people visiting the ancient city.

Yemen will be a port of boating and glass bottomed boats will be afloat to show the people who sail on them the conservation sea-life.

Contributions to the conservatory will be another way Yemen will rise to the top. People contributing supplies and talents to build the conservatory schools, to set paths, etc. These people contributing their talents will still put in their hours to their home Material Majlis.

We hope, Yemeni we have been of assistance to each one of you again, and we likewise thank the Government and Peoples' of Yemen for their courage and strength in standing by Iraq so many years of the days gone by. Bless each and every one of You this day. Asalaam. - Uthrania Seila Sentana-Ries of the Federation of All Unified Nations. 4:35 AM

The BLUEPRINT Iraq - THE WAY THE ECONOMIC SYSTEM WORKS ON A ONE TO ONE BASIS

1. The Way the Economic System Works on a One to One Basis

When the Enlightened Leaders from Iraq's UMMAH gather all the Purchase Orders from the Enlightened Council of each individual Ummah, those Purchase Orders are then placed in group categories, and then "ticketed" to be processed for trade with other nations, but only **that** which cannot be found nor "cultivated" in Iraq itself. All other Purchase Orders will be ordered directly from the stores themselves following the initial contact and agreement for trade with other nations by the Enlightened Leadership of the UMMAH.

And if One NATION does naught have the product to trade but wishes to obtain that which is offered, then that NATION may place a Purchase Order with another NATION to give to that NATION **that** which they may want in return for that NATION to give to Iraq that which is needed.

For example: Say Iraq needed medicine from Fujii but the Fujians did not want anything that Iraq had for trade. Iraq would then ask the Fujians what they needed. Say the Fujians said they wanted rice. Iraq could then contact, say China, and in exchange for Gas and oil from Iraq, the Chinese would transport rice to the Fujian, and Iraq, in return would then receive the needed medicine from Fujii.

It is a very simple methodology and a failsafe way of conducting business, both locally as well as Intercontinental. A secure Way of doing business within the Federation of Unified UMMAHS, or

NATIONS.

This example works upon each level of UMMAH, beginning with that of a Federated response toward the setting up of a CENTRAL FEDERATED UNIFIED UMMAH toward obtaining that of much larger items needed for the protection toward the whole.

This replaces the United Nations as it stands today.

In the Middle East we have our own way. A Way which is born on Truth not lies, a Way which offers protection to the nations and not anarchy nor piracy of the peoples' goods, a Way which offers dignity and is therefore bonded together in respect and love for One another.

The BLUEPRINT Iraq – KIRKUT and the Vision of Iraq

KIRKUT

and

The Vision of Iraq

"You cannot portray a working vision within a money system

Within a money system you have no vision for we already know the mess that it creates"

Sisterhood, Brethren, Would You then cut off Your own nose to spite Your face?

Would You cut off Your hand just so the Body of the Brotherhood of Light cannot remain?

Then You work with only one hand in the entire Ummah of the Greater UMMAH Complex of IRAQ!

Remember we did speak of this before of ourselves! SALAM! - the Originator of Life does naught begin with disputes! of placing shackles upon the People instead of taking them all off! - I am She - Uthrания Seila Sentana-Ries of the Federation of Unified Nations! and here to speak with all of Thee!

Kirkuk: Harbinger of Iraq's future

[<http://english.aljazeera.net/NR/exeres/EF7F7036-B436-4079-B884-6286097E544D.htm>](http://english.aljazeera.net/NR/exeres/EF7F7036-B436-4079-B884-6286097E544D.htm)

(habringer = forerunner)

"Both Farida and Riyadh have become political footballs in a highly emotional, sometimes violent contest between Kurds, Turkmen, Arabs, Christians and even foreign states, over who should live in Kirkuk and who should control the oil-rich city from which half of all Iraq's oil exports flow."

Note: You all originated from the Starseed planet of Angoriaus II, Subsection Tricorius Alph 2 Quadrant. So what are you all fighting about? The gas? The Oil? Who will be the big person to control the gas and oil in order to squash the sentiments of their Brethren and Sisterhood? Who will become the most powerful man or woman of Kirkuk over their brethren when they sell the oil and gas to the capitalist entity making their closest brethren and sisters even subservient to them all? This is naught Kirkuk, this is Iraq. This is the land of the URban first dwellers and Kirkuk and Baghdad are just tiny offshoots.

Who will control the oil and gas? **The People of Iraq.** The trading of Iraq's oil and gas will be handled through the Enlightened Guiding Telepathic Leadership acumen of the UMMAH of Iraq, and Iraq's oil and gas as well as other Iraqi resources will be used only to serve the People as a whole. No Enlightened Guiding Acumen of the UMMAH of Iraq will be held any less accountable before each other, as well as the People of the Federation of Unified Nations.

In this way the People of Iraq will all be again found as equals.

In this way noone at the start of the Original Acumen of the UMMAH of Iraq will be above the Principles and Laws of the Universal Acumen.

There will be no prison systems, for those who cannot live under the simple Principles and Guidelines, working coherently and trustfully within the Sisterhood and Brethrenhood of Light, will be removed into the darkness, the darkness of once again having to live and participate and endure the present hellish corrupt system with all its economic barriers to the growth and evolution of hu-mankind.

"Is Shanghai part of China?" asks Razkar Ali, a PUK representative. "According to all the international historical documents, Kirkuk is a city of Kurdistan."

Note: Sisters, Brethren please remember what has just happened to Iraq though we will reverse it later. The Americans and the Britons invaded, occupied and then rewrote the history books which were passed then by the United Nations of thern own making.

To Mustafa Kamal of the Turkman Front, it is just the opposite. "Kirkuk is not a Kurdish city.

Kirkuk is historically a Turkman city. Kurds are not the majority of Kirkuk. Turkmen are."

Note: Then bring Kirkuk and Kurdistan into Iraq.

In the Kurdish ghetto - a homely warren of streets where chickens run and the pavement is considerably more potholed than the Arab side of town, Mutasim Assi Husayn parks his battered taxi. An oil engineer, he worked for the Northern Oil Company until a company security man asked him to change his ethnicity to Arab.

Three generations from the Turk-men community at home in Kirkuk

"When I refused I lost my job and went to jail," he says smiling good-naturedly."

Note: When all have stemmed from the Land of the URban city dwellers to begin with, no one is more privy to any part of Iraq than anyone else. What the Northern Oil Company security man has done to You, our Brother, will naught go unnoticed even though for a while when You hear no more from us on this topic, **You may think we have forgotten**. Just remember, as busy as People may become, naught even the most insignificant or seeming lesser problems of the Iraqi will be ignored.

And for many of these issues many Enlightened People's Majlis' will be drawn up.

As that man caused for the bitterness of reason to take Your job away, so will we then cause of he to lose his in much the same stylegate. - Uthrania Seila Sentana-Ries of the Federation of Unified Nations

Sisters, Brethren, the Fuji Islands have wonderful medicinal sleeping potion. It appears apparently as a muddy river might appear and has the flavor of dirty socks, we hear, but then perhaps that definition is simply from those who have naught yet learned to appreciate the tastebuds delegated to such syrum.

We should be equally interested, Sisters, Brethren, in contacting the Fujian People when our land is cleared of the capitalist entrepreneurs to ask them if they could possibly be interested in trading the syrum for something Iraq has such as oil and gas.

Remember Sisters, Brethren, that Iraq has no debt under the Original Intersteller Islamic Economic System and even without such system, Iraq still has no debt.

Iraq was naught the one to invade itself bringing up war costs and the sanctions have cost Iraq a large sum in trying to keep Iraq from completely sinking while the U.S. and Great Britain were the ones who ran up the war costs.

The Nation of Turkey, Sisters, Brethren, are naught the only ones who have lost productivity

over the sanctions.

They are suing the United States of American for millions if naught more.

How much more could Iraq under their present capitalist system, sue the United States, Great Britain, Israel and their allies for all Iraq has lost due to Sanctions, invasionary bombings and U.S.-British chemical and biological and experimental sprays?

Sisterhood, Brethren, the capitalist banking system went after the nations of the Federation of Unified UMMAH so that there would be nothing left to recover to.

Making war is profit and sky high will the oil and gas prices reveal themselves. At that point will the war machines screech to a halt and the collapse of the parasitical capitalist machine occur.

Then will the real freedom of the people come. Naught through war but through peace. All weapons will be forced from their hand and once again will the abundance of the land be reinstated back into society, becoming once again reintegrated as part of the whole.

Remember this, Sisterhood and Brethren, it is written that many of us “walk among the living dead.” This demonstrates that in the time nearest the new beginning, the same generations would come back to walk this earth. Those living upon this earth in their bodily cases are called the “living.” Those whom these living considered “deceased” whether over long centuries of time or the short present who have since reincarnated upon this same earthen plane are the “living dead.” So all will be privy to choose which side they are on - the system born in heaven or the system born in hell. The capitalist system of economics and their societal structure, or the paradisiacal system of economics and our societal structure. After all, it is your choice, each and every one.

Here is a Quote by Reni Sentana-Ries "In a Universe of contest between good and evil, good is always destined to prevail."

THAT IS WHY IRAQ WILL WIN. - Uthrania Seila Sentana-Ries of the Federation of Unified Nations
